SHEBA ANNUAL MEETING.		

Bring the Mine to the Front.

At the annual meeting of the Sheba Mining company the Michigan shareholders, represented by W. S. Cleaves, John Slockett and James P. Edwards,

last two of 21, 23, 25, out of a total of 26, in the P. S. Claves was in the company. W. S. Claves was elected president; John Slockett, vice president; John P. Slockett, secretary and treasurer, all of Houghton, Mich. The other members of the board were M. Van Norden and J. Smith of Houghton; M. M. Burdick, New Britain, Conn., and S. P. Armstrong of this city.

"The purpose of the property and the purposes of the company, Mr. Slockett, who operated the mine for a time under the name of the Michigan Coal and Iron Co., stated that it was the intention to make a mine of it now. The Michigan Coal and Iron Co. had a majority interest, as shown by the vote it cast and, being in the saddle, it is the purpose to mine on lines decided by the majority. The Michigan Coal and Iron Co. made a deal of the odium of failure to bring the property out in the beginning was the reason for the failure. Mr. Slockett broad and he felt that he could stand it. He did not want to scratch old ideas out of the minds of the community that belonged to him, but he felt certain that during the coming year it would be a success. The Michigan Coal and Iron Co. had a majority interest in the mine, but he felt certain that during the coming year it would be a success. The Michigan Coal and Iron Co. had a majority interest in the mine, but he felt certain that during the coming year it would be a success.

It would be a good thing for all the shareholders, great and small, and all of them might depend upon getting a fair deal.

BINGHAM CON. EXAMINED.

Boston Still Contends That American Smelter Interests Want It.

The story that the Bingham Consolidated company's properties are being sought by American Smelting & Refining interests will not down. It has often been told in Boston and as often denied by the Gruebehl and Amer-

San Smelting authorities. It is now declared on the Boston end of the line that experts have concluded an examination of the Bingham company's finances and there is reason to believe that the deal will go through. As a reason why Bingham stock has not reflected a possible change in the ownership of the properties it is pointed out that leading owners in the company have made no attempt to trade in the market.

With its new converters in operation the Bingham company is in better shape to handle its big smelting business than it has ever been. During the past year it has done a large amount

RED

Proper Food Flakes.

A Tiffin, O., woman, says Grape-Nuts food gave her good and sound rest and restored the roses of youth to a complexion that had been muddy and blotchy. She says:

"I had a terrible indigestion and stomach trouble which produced a breaking out on my face. The doctors gave it a long rest, but I could not get any sleep to cure it. Along with this I had frequent headaches, nervousness and always pain in my stomach after meals. I was unable to eat and I had to stop them and coffee off short, and quit eating everything but fruit and milk. Then I tried Postum Food, coffee and milk, and after a few days my stomach trouble, and nervous weakness disappeared almost like magic. I was able to eat again, and my weight was removed and good food and drink used nature was ready to help. My blood was purified and my complexion improved. After a few days my weight was increased from 100 to 120 pounds in a few months—good, solid, firm flesh, where it used to be soft and flabby."

"I recommended Grape-Nuts and Postum to my friend, Maud W. Sims, who

"There's a reason. Read the little book, 'The Road to Wellville,' in rags."
